### Notes

In each cat, season best marks are in **hot red**... season worst are **cold blue**

Week #1 has extra games because of the start of the season.

Week #15 has extra games because of the All-Star game.

I exclude results from these "weird" weeks from the season high/low marks. Results from these weeks are, however, included in the average calculations... though you can certainly argue that they shouldn't be.  
thanks... yow, bill
