

CSC 210 Homework #4

There will be a pop quiz on Chapter 5 Stacks and Chapter 6 Queues in class on Wednesday, Jan 23, 2008.

Here are the parameters:

- You may use your notes from Chapters 5 and 6, but not your book.
- I will lecture (and take your questions) before the quiz.
- The quiz will be worth 1 point.

Yes, this is a sneaky little ploy.

Stacks and queues are notoriously easy. This way we'll be able to spend more class time on Program #2 or harder stuff. You'll need to prepare for the midterm next week anyway, so do the reading and bring your notes.

thanks... yow, bill
