Final Exam preview

Prof Bill, Apr 2020

Here we go:

- ❖ It's **25 points**, 25% of your grade.

- ❖ The exam will be live on **Zoom**, ala Exam #2...but less scary this time (ha)

- ❖ Bring your one side of one page of **notes**. I will grade this!

- ❖ The Final is **comprehensive**.

    - ➢ 6-8 points will be from prior material. These will be BIG picture questions.

    - ➢ The remaining points will be questions on new material.

- ❖ **New material** includes: JavaFX, git and Github, sorting and searching, graphs, and graph algorithms.

- ❖ Fair game: my notes, any homework, reading, PK, and Program #3/#4. Visit the Lecture Page, wtkrieger.faculty.noctrl.edu/csc210-spring2020/lecture.html

Good luck!

thanks...yow, bill
